PENN CAPITAL FUNDS
NOTES TO THE FINANCIAL STATEMENTS
FEBRUARY 28, 2026 (UNAUDITED)

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING PRINCIPLES

The RBB Fund Trust (the “Trust”) was organized as a Delaware statutory trust on August 29, 2014, and is registered under the Investment Company Act of 1940 (the “1940 Act”), as amended, as an open-end management investment company. Currently, the Trust has sixteen active investment portfolios. This report covers two series, including: the Penn Capital Short Duration High Income Fund and the Penn Capital Special Situations Small Cap Equity Fund (collectively referred to as the “Funds” and each individually referred to as a “Fund”). The Funds follow the Financial Accounting Standards Board (“FASB”) Accounting Standard Codification Topic 946 “Financial Services - Investment Companies.”

The Penn Capital Short Duration High Income Fund’s investment objective is to seek to provide a high level of current income. The Penn Capital Short Duration High Income Fund commenced operations on July 17, 2017.

The Penn Capital Special Situations Small Cap Equity Fund’s investment objective is to seek to provide capital appreciation. The Penn Capital Special Situations Small Cap Equity Fund commenced operations on December 17, 2015.

Each Fund’s investment objective is non-fundamental and may be changed by the Trust’s Board of Trustees (the “Board” or “Trustees”) without shareholder approval. Unless otherwise noted, all of the other investment policies and strategies described in the Prospectus or hereafter are nonfundamental. The Penn Capital Management Company, LLC (the “Advisor” or “Penn Capital”) serves as the investment advisor to the Funds.

The Trust offers Institutional Class shares for the Penn Capital Special Situations Small Cap Equity Fund and the Penn Capital Short Duration High Income Fund. Institutional Class shares do not have a front-end or back-end sales charge.

The end of the semi-annual reporting period for the Funds is February 28, 2026 (the “current fiscal period”).

The following is a summary of significant accounting policies consistently followed by the Funds in the preparation of their financial statements. The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

PORTFOLIO VALUATION — The Funds use the following valuation methods to determine fair value as either fair value for investments for which market quotations are available, or if not available, the fair value, as determined in good faith pursuant to such policies and procedures as may be approved by the Trust’s Board from time to time. The valuation of the portfolio investments of the Funds currently includes the following processes:

Portfolio securities listed on a national or foreign securities exchange, except those listed on the NASDAQ[®] Stock Market and Small CapSM exchanges (“NASDAQ[®]”), for which market quotations are available, are valued at the official closing price of such exchange on each business day (defined as days on which the Funds are open for business (“Business Day”). Portfolio securities traded on the NASDAQ[®] will be valued at the NASDAQ[®] Official Closing Price on each Business Day. If there is no such reported sale on an exchange or NASDAQ[®], the portfolio security will be valued at the most recent quoted bid price. Price information on listed securities is taken from the exchange where the security is primarily traded.

Other assets and securities for which no quotations are readily available (such as for certain restricted or unlisted securities and private placements) or that may not be reliably priced (such as in the case of trade suspensions or halts, price movement limits set by certain foreign markets, and thinly traded or illiquid securities) will be valued in good faith at fair value using procedures and methods approved by the Board. Under the procedures adopted by the Board, the Board has delegated day-to-day responsibility for fair value determinations to the Advisor, as valuation designee (the “Valuation Designee”).

A Fund’s portfolio holdings may also consist of shares of other investment companies in which the Fund invests. The value of each such investment company will be its net asset value (“NAV”) at the time the Fund’s shares are priced. Each investment company calculates its NAV based on the current market value for its portfolio holdings. Each

PENN CAPITAL FUNDS
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FEBRUARY 28, 2026 (UNAUDITED)

investment company values securities and other instruments in a manner as described in that investment company's prospectus. The investment company's prospectus explains the circumstances under which the company will use fair value pricing and the effects of using fair value pricing.

Because a Fund may invest in foreign securities, the Fund's NAV may change on days when a shareholder will not be able to purchase or redeem Fund shares because foreign markets are open at times and on days when U.S. markets are not. Investments quoted in foreign currencies will be valued daily in U.S. dollars on the basis of the foreign currency exchange rates prevailing at the time such valuation is determined. Foreign currency exchange rates are generally determined as of the close of the New York Stock Exchange ("NYSE") (generally 4:00 p.m. Eastern Time). If an event that could materially affect the value of the Fund's foreign securities has occurred between the time the securities were last traded and the time that the Fund calculates its NAV, the closing price of the Fund's securities may no longer reflect their market value at the time the Fund calculates its NAV. In such a case, the Valuation Designee may use fair value methods to value such securities.

Fixed income securities shall be valued at the evaluated bid price supplied by the Fund's pricing agent based on broker-dealer supplied valuations and other criteria, or directly by independent brokers when the pricing agent does not provide a price or the Valuation Designee does not believe that the pricing agent price reflects the current market value. If a price of a position is sought using independent brokers, the Advisor shall seek to obtain an evaluation bid price from at least two independent brokers who are knowledgeable about the position. The price of the position would be deemed to be an average of such bid prices. In the absence of sufficient broker dealer quotes, securities shall be valued at fair value pursuant to procedures adopted by the Board.

Occasionally, reliable market quotations are not readily available (such as for certain restricted or unlisted securities and private placements) or securities and other assets may not be reliably priced (such as in the case of trade suspensions or halts, price movement limits set by certain foreign markets, and thinly traded or illiquid securities), or there may be events affecting the value of foreign securities or other securities held by the Funds that occur when regular trading on foreign or other exchanges is closed, but before trading on the NYSE is closed. Fair value determinations are then made in good faith in accordance with procedures adopted by the Board. Under the procedures adopted by the Board, the Board has delegated the responsibility for making fair value determinations to the Valuation Designee, subject to the Board's oversight. Generally, the fair value of a portfolio security or other asset shall be the amount that the owner of the security or asset might reasonably expect to receive upon its current sale. A three-tier hierarchy is utilized to maximize the use of observable market data and minimize the use of unobservable inputs and to establish classification of fair value measurements for disclosure purposes. Inputs may be observable or unobservable and refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability and are developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability and are developed based on the best information available under the circumstances. The three-tier hierarchy of inputs is summarized in the three broad levels listed below.

- Level 1 – Prices are determined using quoted prices in active markets for identical securities.
- Level 2 – Prices are determined using other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.).
- Level 3 – Prices are determined using significant unobservable inputs (including the Funds' own assumptions in determining the fair value of investments).

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

PENN CAPITAL FUNDS
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FEBRUARY 28, 2026 (UNAUDITED)

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following table summarizes the inputs used as of the end of the current fiscal period, in valuing each Fund's investments:

PENN CAPITAL SHORT DURATION HIGH INCOME FUND

Total Investments	<u>\$ 86,313,160</u>	<u>\$ —</u>	<u>\$ 2,220</u>	<u>\$ 86,315,380</u>

Refer to the Schedule of Investments for further disaggregation of investment categories.

During the current fiscal period, the Funds had no Level 3 transfers.

INVESTMENT TRANSACTIONS, INVESTMENT INCOME AND EXPENSES — Investment transactions are accounted for on a trade-date basis. Interest income is recorded on the accrual basis, including the amortization of premiums and accretion of discounts on bonds held using the yield-to-maturity method. Dividend income is recognized on ex-dividend date.

Realized gains and losses on investment transactions and unrealized appreciation and depreciation of investments are reported for financial statement and federal income tax purposes on the identified cost method.

EXPENSES — Certain expenses are shared with The RBB Fund, Inc. ("RBB"), a series trust of affiliated funds. Expenses incurred on behalf of a specific class, fund or fund family of the Trust or RBB are charged directly to the class, fund or fund family (in proportion to net assets). Expenses incurred for all of the funds (such as trustee or professional fees) are charged to all funds in proportion to their average net assets of the Trust and RBB, or in such other manner as the Board deems fair or equitable.

USE OF ESTIMATES — The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting year. Actual results could differ from those estimates.

DIVIDENDS AND DISTRIBUTIONS — Dividends and distributions to Shareholders are recorded on the ex-date. The Penn Capital Short Duration High Income Fund declares and distributes its net investment income, if any, monthly and makes distributions of its net realized capital gains, if any, at least annually, usually in December. The Penn Capital Special Situations Small Cap Equity Fund declares and distributes its net investment income, if any, annually and makes distributions of net realized capital gains, if any, at least annually, usually in December.

PENN CAPITAL FUNDS
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FEBRUARY 28, 2026 (UNAUDITED)

The character of distributions made during the period from net investment income or net realized gains may differ from its ultimate characterization for federal income tax purposes. In addition, due to the timing of dividend distributions, the fiscal period in which the amounts are distributed may differ from the period that income or realized gains (losses) were recorded by each Fund.

U.S. TAX STATUS — Each Fund intends to qualify as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended. If so qualified, the Funds will not be subject to federal income tax to the extent they distribute all of their net investment income and capital gains to shareholders. Therefore, no federal income tax provision is required.

The Funds evaluate tax positions taken or expected to be taken in the course of preparing their tax returns to determine whether it is more-likely-than-not (i.e., greater than 50%) that each tax position will be sustained upon examination by a taxing authority based on the technical merits of the position. Tax positions not deemed to meet the more-likely-than-not threshold are recorded as a tax benefit or expense in the current year. The Funds did not record any tax provision in the current period and have no provision for taxes in the financial statements. However, management’s conclusions regarding tax positions taken may be subject to review and adjustment at a later date based on factors including, but not limited to, examination by tax authorities (i.e., the last three open tax year ends, as applicable) and on-going analysis of and changes to tax laws, regulations and interpretations thereof.

INDEMNIFICATIONS — Under the Trust’s organizational documents, its officers and Trustees are indemnified against certain liabilities arising out of the performance of their duties to the Trust and each Fund. In addition, in the normal course of business, the Trust may enter into contracts that provide general indemnification to other parties. The Trust’s maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Trust that have not yet occurred, and may not occur. However, the Trust has not had prior claims or losses pursuant to these contracts and considers the risk of loss to be remote.

OPERATING SEGMENTS — are components of an entity that engage in business activities and have discrete financial information available. Each series of the Trust operates in one segment. The segment derives its revenues from each series’ investments made in accordance with the defined investment strategy of each series, as prescribed in the Fund’s prospectus. The Chief Operating Decision Maker (“CODM”) of the Fund is the Investment Committee of the Adviser. When assessing segment performance and making decisions about segment resources, the CODM relies on the Fund’s portfolio composition, total returns, expense ratios and changes in net assets which are consistent with the information contained in the Fund’s financial statements. Segment assets, liabilities, income, and expenses are also detailed in the accompanying financial statements.

2. INVESTMENT ADVISER AND OTHER SERVICES

Penn Capital serves as the investment adviser to each Fund. Each Fund pays the Advisor a fee, payable at the end of each month, at an annual rate, set forth in the table below, of the respective Fund’s average daily net assets.

FUND	ADVISORY FEES
Penn Capital Short Duration High Income Fund	0.45%
Penn Capital Special Situations Small Cap Equity Fund	0.95%

On July 3, 2024, SGAM Advisors LLC, a subsidiary of Seaport Global Holdings LLC (“Seaport”), acquired a controlling interest in Penn Capital. The Acquisition was deemed to result in a change of control of Penn Capital pursuant to the 1940 Act, and resulted in the automatic termination of the previously existing advisory agreement (the “Original Agreement”) between the Trust, on behalf of each of the Funds, and Penn Capital. To avoid disruption of the Funds’ investment management program, the Board approved an interim advisory agreement (the “Interim Advisory Agreement”) between the Trust and Penn Capital with respect to each Fund on April 24, 2024, which became effective on July 3, 2024. Effective November 7, 2024, shareholders of the Penn Capital Short Duration High Income Fund approved a new investment advisory agreement (the “New Advisory Agreement”). Effective November 30, 2024, the Trust entered into

an Amended Interim Advisory Agreement with Penn Capital with respect to the Penn Capital Special Situations Small Cap Equity Fund. Pursuant to the Amended Interim Advisory Agreement, Penn Capital did not receive any fees for its management of the Penn Capital Special Situations Small Cap Equity Fund between November 30, 2024 and until shareholders of the Fund approved the New Advisory Agreement on January 14, 2025. Fees forfeited for this period and reported on the statement of operations were \$63,605.

With respect to the Penn Capital Special Situations Small Cap Equity Fund, the Advisor has contractually agreed to waive its fees and/or pay Fund expenses so that the Fund's total annual operating expenses (excluding any acquired fund fees and expenses, taxes, interest, brokerage fees, certain insurance costs, and extraordinary and other non-routine expenses) do not exceed the amounts shown below as a percentage of each Fund's average daily net assets. With respect to the Penn Capital Short Duration High Income Fund, the Advisor has contractually agreed to waive its fees and/or pay Fund expenses so that the Fund's total annual operating expenses (including any acquired fund fees and expenses incurred by the Fund as a result of its investments in other investment companies managed by the Advisor, but excluding any acquired fund fees and expenses incurred by the Fund as a result of its investments in unaffiliated investment companies, taxes, interest, brokerage fees, certain insurance costs, and extraordinary and other non-routine expenses) do not exceed the amounts shown below as a percentage of each Fund's average daily net assets. The expense limitation agreement will remain in place through December 31, 2026.

FUND	INSTITUTIONAL CLASS
Penn Capital Short Duration High Income Fund	0.54%
Penn Capital Special Situations Small Cap Equity Fund	1.09%

Any waived or reimbursed expenses by the Advisor to the Funds (excluding any waivers related to acquired fund fees and expenses incurred by the Funds as a result of its investments in other investment companies managed by the Advisor), are subject to repayment by a Fund in the three years following the date the fees were waived or the expenses were paid, provided such reimbursement does not cause the Funds' ordinary operating expenses to exceed (i) the expense limitations that were in effect at the time of the waiver or reimbursement and (ii) the current expense limit in effect at the time of the reimbursement.

DISTRIBUTION AGREEMENT

Foreside Fund Services, LLC is the Trust's distributor and principal underwriter (the "Distributor").

AGREEMENTS WITH THE ADMINISTRATOR, TRANSFER AGENT, AND CUSTODIAN

U.S. Bancorp Fund Services, LLC ("Fund Services"), doing business as U.S. Bank Global Fund Services, serves as the Funds' administrator. For providing administrative and accounting services, Fund Services is entitled to receive a monthly fee, subject to certain minimum and out of pocket expenses.

Fund Services serves as the Funds' transfer and dividend disbursing agent. For providing transfer agent services, Fund Services is entitled to receive a monthly fee, subject to certain minimum and out of pocket expenses.

U.S. Bank, N.A. (the "Custodian") provides certain custodial services to the Funds. The Custodian is entitled to receive a monthly fee, subject to certain minimum and out of pocket expenses.

SHAREHOLDER SERVICING PLAN

The Trust has adopted a Shareholder Servicing Plan on behalf of each Fund's Institutional Class. Under the plan, each Class can pay for non-distribution related shareholder support services ("service fees") in an amount up to 0.15% of its average daily net assets. The amount actually incurred by the Institutional Class shares for the current fiscal period on an annualized basis was 0.06% for the Penn Capital Short Duration High Income Fund and 0.11% for the Penn Capital Special Situations Small Cap Equity Fund.

OTHER RELATED PARTY TRANSACTIONS

The Advisor and its affiliates have made investments in the Funds and accordingly, as shareholders of the Funds, pay a proportionate share of the Funds' investment advisory fees and other expenses identified in the Funds' Prospectus.

3. FEDERAL TAX INFORMATION

It is each Fund's intention to continue to qualify as a regulated investment company under Subchapter M of the Internal Revenue Code and distribute all of its taxable income. Accordingly, no provision for federal income taxes is required in the financial statements.

The amount and character of income and capital gain distributions to be paid, if any, are determined in accordance with federal income tax regulations, which may differ from GAAP. These differences are primarily due to differences in the timing of recognition of gains or losses on investments. Permanent book and tax basis differences, if any, may result in reclassifications to distributable earnings and additional paid-in capital.

The following information is provided on a tax basis as of August 31, 2025:

FUND	COST OF INVESTMENTS	GROSS UNREALIZED APPRECIATION	GROSS UNREALIZED (DEPRECIATION)	NET UNREALIZED APPRECIATION (DEPRECIATION)	UNDISTRIBUTED ORDINARY INCOME	UNDISTRIBUTED LONG-TERM CAPITAL GAINS	TOTAL DISTRIBUTABLE EARNINGS	OTHER ACCUMULATED LOSSES	TOTAL ACCUMULATED EARNINGS (LOSSES)
Penn Capital Short Duration High Income Fund	\$16,678,720	\$ 390,402	\$ (41,820)	\$ 348,582	\$ 12,230	\$ —	\$ 12,230	\$ (2,662,239)	\$ (2,301,427)
Penn Capital Special Situations Small Cap Equity Fund	\$56,394,800	\$15,080,391	\$ (2,106,076)	\$12,974,315	\$ —	\$ 2,646,086	\$ 2,646,086	\$ —	\$15,620,401

PENN CAPITAL FUNDS
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

Net investment income and net realized gains and losses for federal income tax purposes may differ from that reported on the financial statements because of permanent book-to-tax differences. GAAP requires that permanent differences between financial reporting and tax reporting be reclassified between various components of net assets.

These differences are primarily due to net operating losses. On the Statement of Assets and Liabilities, the following adjustments were made:

FUND	DISTRIBUTABLE EARNINGS	PAID-IN CAPITAL
Penn Capital Special Situations Small Cap Equity Fund	\$ 90,769	\$ (90,769)

The Funds intend to utilize capital loss carryforwards to offset future realized gains. Capital loss carryforwards available for federal income tax purposes are as follows:

FUND	CAPITAL LOSS AVAILABLE THROUGH	SHORT-TERM CAPITAL LOSS AMOUNTS	LONG-TERM CAPITAL LOSS AMOUNTS
Penn Capital Short Duration High Income Fund	unlimited	\$ 1,817,727	\$ 844,054
Penn Capital Special Situations Small Cap Equity Fund	unlimited	—	—

A regulated investment company may elect for any taxable year to treat any portion of the qualified late year loss as arising on the first day of the next taxable year. Qualified late year losses are certain capital and ordinary losses which occur during the portion of the taxable year subsequent to October 31 and December 31, respectively. For the fiscal period ended August 31, 2025, there were no deferred Post October Losses to report.

The character of distributions for tax purposes paid during the fiscal period ended August 31, 2025 was as follows:

FUND	YEARS ENDED	ORDINARY INCOME DISTRIBUTIONS	LONG-TERM CAPITAL GAIN DISTRIBUTIONS
Penn Capital Short Duration High Income Fund	2025	\$ 1,043,930	\$ —
Penn Capital Special Situations Small Cap Equity Fund	2025	834,253	164

4. TRUSTEE AND OFFICER COMPENSATION

The Trustees of the Trust receive an annual retainer and meeting fees for meetings attended. An employee of Vigilant-Compliance, LLC serves as Chief Compliance Officer of the Trust. Vigilant Compliance, LLC is compensated for the services provided to the Trust. Employees of the Trust serve as President, Chief Financial Officer, Chief Operating Officer, Secretary, Assistant Treasurer, Assistant Secretary and Director of Marketing & Business Development of the Trust. They are compensated by the Trust for services provided. Certain employees of U.S. Bancorp Fund Services, LLC serve as officers of the Trust. They are not compensated by the Funds or the Trust. For Trustee and Officer compensation amounts, please refer to the Statement of Operations.

5. INVESTMENT TRANSACTIONS

The cost of security purchases and the proceeds from security sales, other than short-term investments, for the period ended February 28, 2026, were as follows:

FUND	NON-U.S. GOVERNMENT		U.S. GOVERNMENT	
	PURCHASES	SALES	PURCHASES	SALES
Penn Capital Short Duration High Income Fund	\$ 5,193,897	\$ 4,770,299	\$ —	\$ —
Penn Capital Special Situations Small Cap Equity Fund	52,356,857	40,391,257	—	—

6. CREDIT RISK, LIBOR AND ASSET CONCENTRATION

Small- and mid-capitalization companies may not have the size, resources and other assets of large capitalization companies. As a result, the securities of small- and mid-capitalization companies may be subject to greater market risks and fluctuations in value than large capitalization companies or may not correspond to changes in the stock market in general. In addition, small- and mid-capitalization companies may be particularly affected by interest rate increases, as they may find it more difficult to borrow money to continue or expand operations, or may have difficulty in repaying any loans.

High yield securities and unrated securities of similar credit quality have speculative characteristics and involve greater volatility of price and yield, greater liquidity risk, and generally reflect a greater possibility of an adverse change in financial condition that could affect an issuer's ability to honor its obligations.

There are a number of risks associated with an investment in bank loans, including credit risk, interest rate risk, liquidity risk and prepayment risk. Lack of an active trading market, restrictions on resale, irregular trading activity, wide bid/ask spreads and extended trade settlement periods may impair the Fund's ability to sell bank loans within its desired time frame or at an acceptable price and its ability to accurately value existing and prospective investments. Extended trade settlement periods may result in cash not being immediately available to the Fund. As a result of such illiquidity, the Fund may have to sell other investments or engage in borrowing transactions to raise cash to meet its obligations.

A Fund may invest in certain instruments that rely in some fashion upon London Interbank Offered Rate ("LIBOR"). LIBOR is an average interest rate, determined by the ICE Benchmark Administration, that banks charge one another for the use of short-term money. The United Kingdom's Financial Conduct Authority, which regulates LIBOR, announced plans to phase out the use of LIBOR by the end of 2021. The FCA and ICE Benchmark Administrator announced that most LIBOR settings would no longer be published after December 31, 2021 and a majority of U.S. dollar LIBOR settings ceased publication after June 30, 2023. The U.S. Federal Reserve, based on the recommendations of the New York Federal Reserve's Alternative Reference Rate Committee (comprised of major derivative market participants and their regulators), has begun publishing SOFR that is intended to replace U.S. dollar LIBOR. Proposals for alternative reference rates for other currencies have also been announced or have already begun publication. Uncertainty related to the liquidity impact of the change in rates, and how to appropriately adjust these rates at the time of transition, poses risks for the Funds. The effect of any changes to, or discontinuation of, LIBOR on the Funds will depend on, among other things, (1) existing fallback or termination provisions in individual contracts and (2) whether, how, and when industry participants develop and adopt new reference rates and fallbacks for both legacy and new instruments and contracts. The expected discontinuation of LIBOR could have a significant impact on the financial markets in general and may also present heightened risk to market participants, including public companies, investment advisers, investment companies, and broker-dealers. The risks associated with this discontinuation and transition will be exacerbated if the work necessary to effect an orderly transition to an alternative reference rate is not completed in a timely manner.

PENN CAPITAL FUNDS
NOTES TO THE FINANCIAL STATEMENTS (CONCLUDED)
FEBRUARY 28, 2026 (UNAUDITED)

Accordingly, it is difficult to predict the full impact of the transition away from LIBOR on the Funds until new reference rates and fallbacks for both legacy and new instruments and contracts are commercially accepted and market practices become settled.

7. LINE OF CREDIT

The Funds have a \$10,000,000 uncommitted, unsecured, umbrella 365-day line of credit, for temporary purposes, including to meet redemption requests. The interest rate as of February 28, 2026 was 6.75%. During the current fiscal period, the Penn Capital Special Situations Fund did not use the credit line.

During the current fiscal period, line of credit activities were as follows:

FUND	AVERAGE BORROWINGS	AMOUNT OUTSTANDING AS OF FEBRUARY 28, 2026	INTEREST EXPENSE	MAXIMUM BORROWING	AVERAGE INTEREST RATE
Penn Capital Special Situations Small Cap Equity Fund	\$ 27,862	\$ —	\$ 946	\$ 1,681,000	6.75%

8. UNFUNDED COMMITMENTS

The Funds may enter into unfunded loan commitments. Unfunded loan commitments may be partially or wholly funded. During the contractual period, the Funds are obliged to provide funding to the borrower upon demand. Unfunded loan commitments are fair valued in accordance with the valuation policy described in Note 2(a) and unrealized appreciation or depreciation, if any, is recorded on the Statements of Assets and Liabilities. As of February 28, 2026, there were no unfunded commitments to report.

9. SUBSEQUENT EVENTS

Management has evaluated the impact of all subsequent events on the Funds through the date the financial statements were issued and has determined that there were no significant events requiring recognition or disclosure in the financial statements.
